STUDENT SHAREHOUSE GUIDELINES AND AGREEMENT

Congratulations on having made the decision to study in the US. Choosing to live with a share house family can be one of the most important decisions you make, affecting your development for years to come. You will be dealing with different cultural values, language barriers, and social issues. Some adjustments need to be made by you as well as by your share house family. What we hope is to make this a valuable experience for you, both in terms of education and personal satisfaction. In order to assure that you have a safe, rewarding and educational experience, our organization has established the following guidelines. It is essential that you read and understand them.

1. Housing Application Fee: College Students - A non-refundable application fee is due with your application. Airport Pick Up is not included.

Housing Damage Deposit-This is due with your application. Your deposit is refundable with no damage to share house family properties, 30 day written move out notice given to your share house family. We will refund after you move out. Please note that deposit must be requested within six months of move out.

Airport Pick Up Service-Airport pick up must be arranged with USAI. USAI provides this service at an additional charge to the student. A USAI staff or share house family will pick you up. Please apply at least two weeks prior to arrival.

Late Fee- Applications received within one week prior to arrival will be charged a late fee of \$100.

2. Insurance: All students are required to have proof of medical insurance at all times. It is also recommended that students purchase accident and property insurance. Share house family insurance does not cover students. If you do decide to drive, you must have automobile insurance. Automobile insurance is required by law.

3. Share House Family: Please remember that each share house family is different. USAI does not discriminate a share house family based on nationality, race, religion, sex, age, disability. Student understands that families are diverse with different cultural backgrounds. Some families are families with or without children, single parents, single adults, and retired people. Host may host more than one International student. They are very excited to host International students. Please be thankful to them for sharing their home with you.

4. House Rules: Please follow the rules of your share house family. Each family will have their own rules and lifestyle. Many families will have the rules written for you. Your share house family has kindly allowed you to become a part of their family, for which they deserve your appreciation and respect. What your share house family requires of you may be different from what your friends' host families require of them.

5. Household Duties: Please remember to clean up after yourself (washing dishes, turning off electrical appliances) You must keep your room and shared bathroom clean and organized at all times, which includes making your own bed and washing your own clothes.

6. Meals: **Meals are not included with the share house option.** Students are expected to prepare and buy their own meals at their own expense.

7. Energy Conservation: Most families are very conservative and care about the environment. Please be conservative by turning off lights when you leave a room, taking short showers or baths, if you are cold please wear extra sweaters and ask your family for extra blankets. In the US the washing machine and dryer is very big and therefore families usually do laundry once a week.
